Here's the R6 code (A6LS). Action code is RV for removal. There are issues with having folks either ICS or H&S certified at the moment.

**Subject:** Travel to New Mexico for Region 6

Region 7 is currently ramping up to assist Region 6 with the Gold King Mine Spill (Animas River) which started in Colorado last week.

**SUPR will be paying for all the travel.** David Pratt is the only person known to be going right now. There will be others.

We will be using the following account number for all the travel:

**2015 T 07WA 303DC6 A6LSRV00**

Please let me or Debbie Bishop know if you have questions.

Thanks!
